

# **Voltage Control and Reactive Power Planning Webinar**

## WEBINAR OBJECTIVE

To provide attendees with a brief coverage of electric power system voltage control and reactive power planning. It will address aspects of equipment, load and bulk power system voltage characteristics, as well as planning issues and available analytical tools and methods.

## WEBINAR OUTLINE

### 1:00 PM – 3:00 PM

1. INTRODUCTION
2. EQUIPMENT VOLTAGE CHARACTERISTICS
3. LOAD VOLTAGE CHARACTERISTICS
4. BULK POWER SYSTEM VOLTAGE CHARACTERISTICS

### 3:00 PM – 3:15 PM

COFFEE BREAK

### 3:15 PM – 4:45 PM

5. PLANNING ISSUES
6. ANALYTICAL TOOLS AND METHODS
7. EXERCISES

### 4:45 PM – 5:00 PM

8. QUESTIONS & ANSWERS SESSION

Unrestricted
